

# Enviro Product Range 2009

# Every little bit you do can **make** a difference

**Office National** is committed to the environment. We are working not only to improve our practices but also help our customers by providing them with the products and knowledge to help them become more environmentally friendly. As part of our commitment, we provide our customers with a wide range of products that contain recycled content or reduce impact on the environment. So do your bit for the environment and check out some of these great products.

## Avery Enviro Labels

## Reflex 100% Recycled Paper

## Artline Eco Permanent Marker

### Icons explained

To help you identify our environmentally friendly products we have a range of icons. Below is an easy explanation of what each icon represents.

Products that are made from recycled material or have recycled components will be identified by the Recycled icon.

Environmentally friendly products will be identified by a leaf icon. The leaf represents products that enhance or protect the environment, or have reduced environmental impact. These products include:

- Non-toxic products.
- Products made in accordance with specific environmental standards, e.g. ISO 14001.
- Products manufactured from farmed materials, e.g. plantation timbers for paper manufacturing.
- Products that are refills for original product; which extends the component life reducing drain on resources.
